

FIFTH CLASS

Work for FORTNIGHT beginning June 8th

MATHS

- ★ Please try this end of year assessment.
https://www.standrewscurragha.com/uploads/3/4/0/5/3405163/5th_class_assessments_maths_1_.pdf
- ★ Give yourself 90 minutes and do what you can without help.
- ★ If possible please print but if you don't have a printer do each question neatly on an A4 page, writing the question number and the answer clearly.
- ★ The solutions are at this link
https://www.standrewscurragha.com/uploads/3/4/0/5/3405163/assessment_answers.pdf
- ★ Correct your test (with a parent if possible). Write your mark out of 40 clearly in red pen on the first page and photograph it and upload to seesaw.

- ★ If you have a printer please print this activity pack and start working through it. Photograph pages as you complete them and upload to seesaw. It is ok to stick blank sections of paper over some of the writing lines and draw pictures or diagrams. If you do not have a printer just use blank sheets of paper and copy the headings onto them.
