Location

The Titanic was built at the Harland and Wolff shipyard on Queen's Island ,Belfast, Ireland.

After leaving Southampton on the 10th of April 1912 Titanic stopped at Cherbourg in France and Queenstown [now Cobh] in Ireland before

Heading to New York .On the 14th of April

Titanic received six warnings in south of

Newfoundland ,Canada .On the 15th of April

Titanic sank in the North Atlantic Ocean

400 miles east of Newfoundland . The Titanic

Was supposed to go to New York City USA

Millviana Dean

Millviana Dean was born in Branscombe, England on February 2, 1912. Her full name was Elizabeth Gladys Dean. She was only nine weeks old when she rode the RMS Titanic with her parents Bertram Frank Dean, Georgette Eva Light and her brother Bertram Vere Dean. She was a third class passenger and also the youngest passenger on board she was also the youngest survivor. Her father died on the Titanic and her mother died on the 16th of September 1975 aged 96. In later years she participated in Titanic-related events. She never got married. Her brother died on April 14th 1992. She died May 31st 2009 in Ashurst United Kingdom. Millviana Dean was the last Passenger that was on the Titanic to die
