

Planet Maths 5

Page 158 B

1. $50 + 12 = 62$

2. $13 + 12 = 25$

3. $7 \times 8 = 56$

4. $110 \div 12 = 9 \text{ r } 2$

5. $1.2\text{kg} \div 6 = 0.2\text{kg}$

Page 159 A

Everyone will have created their own word problems for this exercise. If you would like to type up a few or all of your word problems and email them to me I would love to read them! Alternatively you can photograph the written problems in your hardback and email them to me.
