

Senior Infants Week 11th May 2020

Maths

The topic this week is **Capacity**.

We want to explore the language in this area.

Full, empty, up to the top/brim, holds more or holds less, holds more or most, holds less or least.

Estimation / guess how many cupfuls a saucepan can hold and simple activities like this.

Repeat with containers of different sizes to get good estimations.

Show what a litre of milk looks like, 2 litres, bottles of juice and containers that are in your shopping basket. Discuss and ask questions about sizes for water bottles or other containers they will be familiar with.

Refer to <https://my.cjfallon.ie/dashboard/student-resources/?levels=0&classes=0&subjects=0&serieses=0&booktitles=0&types%5B0%5D=Book+Sample> pages 115-118

If you have skittles number them and get kids to do simple subtraction sums when playing with them. They could even make them with old plastic bottles and play for the next few weeks with them.

Keep looking at big numbers and try to write them down.

Watch the clip a few times and try to remember 5 or more new facts you have learned.

Can you name any countries in Europe ?

Write them down and perhaps draw a picture or some of the famous buildings.

Have you been to anywhere in Europe ?

Show me a photo on Seesaw or even video yourself talking about it with your photo. Read your facts on Europe or any other continent out for me on Seesaw.
