

Senior Infants Week 18th May 2020

Maths

The topic this week is Number and looking at patterns in number.

We want to look at extending patterns and using the language before, after, middle, between. We will use this also to revise left and right, in front and behind, above and below.

Refer to <https://my.cjfallon.ie/dashboard/student-resources/?levels=0&classes=0&subjects=0&serieses=0&booktitles=0&types%5B0%5D=Book+Sample> pages 110-113.

I would like the children to gather a few small toys and arrange them in a line. They then will create a maths quiz using the language above.

Draw a bus stop sign and then draw all the children in the class waiting at the bus stop in a line with their names. You are then to make a quiz using the language above. Write the questions down and get a family member to answer them.

Eg. Who is in front of ?

Who is behind ?

Repeat this with a line of toys and use right and left.
