SESE both 3rd and 4th Class	
<p>We have been reading all about Jacques Cousteau and his care for the Ocean. In 1973, Jacques and his two sons created the Cousteau Society for the Protection of Ocean Life.</p> <p>Right now, our ocean's greatest threat is the high level of pollution that is caused by human activity.</p> <p>https://www.bbc.co.uk/teach/live-lessons/blue-planet-live-lesson/zn7tkmn</p> <p><i>Over these 3 days, I would like you to watch this live lesson by BBC that explores what makes a healthy ecosystem and the threats to our oceans such as plastics and overfishing.</i></p> <p><i>There are 3 worksheets that I would like you to print before you begin, and then complete as you watch the video. Below is a summary and the times where activity sheets 1,2 and 3 are explained.</i></p> <p>Part 1- Food webs: All things in the natural world are connected- Activity sheet 1 is explained at time <u>8 minutes 37 seconds</u>.</p> <p>Part 2- Being cautious with our shopping- Reading labels on items before purchasing them- Activity sheet 2 is explained at <u>18 minutes 20 seconds</u>.</p> <p>Can you find any of these labels at home? Send me a picture on seesaw of any labels you find.</p> <p>Part 3- How we can make a positive impact on our oceans? Reduce, reuse, recycle! Activity sheet 3 is explained at <u>30min 30sec</u>.</p> <p>Final Task: Design an A4 size poster that contains both facts and pictures/drawings, which will encourage young people to look after the ocean. Sign your name on it and we can hang up these posters around the school when we return. Follow this link to see some art work and ideas from other schools:</p> <p>https://www.bbc.co.uk/teach/live-lessons/blue-planet-live-lesson/zn77gwx</p>
