

Teacher instructions

Print and laminate the word family house.

Provide each child with an alphabet strip and word family house.

Their aim is to fill the house with rhyming words.

- Children place a magnetic letter (the onset) in front of the rime (alternatively, a marker could be used).
- Children then blend the word to check that it's a real word.
- If it is, they keep it on their list.
- The aim is to fill the house with real words.
